APPARITION OF SAINT JOSEPH IN THE MARIAN CENTER OF THE HOLY SPIRIT, TO THE VISIONARY SISTER LUCÍA DE JESÚS, FOR THE MEETING OF PRAYER OF JANUARY 19

In the name of the Father, the Son and the Holy Spirit. Amen.

The Celestial Belfry now resounds. Its sound awakens souls and indicates, to the heart of the Earth, that the time of renewal has come.

The Celestial Belfry resounds, and its sound announces that the time has come for the fulfillment of the prophecies. Listen, children, with the ears of the heart, to this divine sound.

The Celestial Belfry now sounds, and through its vibration, it activates the Mirrors of the Cosmos, which turn to the Earth to radiate the divine principles that come from the Heart of God.

The Celestial Belfry resounds, and its vibration echoes in the universes, among the dimensions. All that is life feels the vibration of its sound. The angels ring the Celestial Belfry and, through its sound, awaken the sources of the Immaterial Rays so that, from the depths of the universe, they may descend upon the material consciousness and transform manifested life according to the divine principles and thus begin the rebuilding of the Earth in all its expressions.

The Celestial Belfry resounds in the universe, and its sound touches the depths of the consciousnesses that have not understood human existence, and have not opened up to the renewal of the Love of God. Through the Celestial Belfry, the creatures of the universe begin to understand the essence of life and offer themselves to collaborate with the Earth in the awakening of the New Humanity.

When the Celestial Belfry resounds, the Love of God, latent in the hearts of His Children, begins to awaken and brings them a greater understanding. This Love, children, which emerges from the creatures of the Earth, lights up and can be seen among the dimensions and among the universes. It is in this way that hope emerges within all creatures beyond the Earth, beyond this universe.

The Celestial Belfry marks the time of rebuilding, when duality has promoted the transformation of human consciousness, when suffering becomes sacrifice and humanity no longer experiences pain, but rather self-surrender, just as Christ did, transforming each Wound into an offering that transubstantiated life, that transfigured beings and granted them a new opportunity.

This same thing will happen in the hearts of all those who live the power of surrender, and who, in God's Time, are His instruments, to transform life in all dimensions, in all expressions of the cosmos.

The Celestial Belfry resounds in the Time of the Universe, called Real Time, because in it all has been concretized, human life has been transformed, and the Divine Purpose has been achieved. Listen to the resounding of the Celestial Belfry, because its sound awakens the Temple of the Sphere, and this Temple, which holds the history of human consciousness, radiates like a mirror the vibration of a new life, so that all consciousnesses may awaken within themselves the potential of a new being.

When the Celestial Belfry resounds, its sound also echoes in the depths of the Earth, and the immaterial life that hides within it begins to emerge spiritually and become one with the terrestrial life on the surface of the planet. Thus, human beings will feel an unknown will to know that which cannot be seen; they will feel an imperious wish to deepen into their spiritual life, because material life will not bring them answers.

When the immaterial life from within the Earth begins to emerge to the surface, it awakens in consciousness an imperious will to remember and return to their Divine Origin. The unknown will no longer cause them fear, but it will rather be the firm purpose of the consciousnesses that will not find satisfaction on Earth, but rather in the depths of their own hearts.

The Celestial Belfry will resound and can be heard within beings. All those who become silent to seek higher life will hear its sound and awaken through its vibration.

The Celestial Belfry, children, is a divine tool manifested at the beginning of life, before creatures incarnated in the material dimensions, because before the Creator sent His Children into matter, He manifested the Celestial Belfry to call upon His Creatures to return to His Heart when the time has come.

This is the time.

In the Real Time of the Universe, where there is no past or future, but only the Eternal Present, there the Celestial Belfry now resounds. Its sound strengthens hearts so that, despite all that they must still experience on the planet, they may know that the Purpose has been fulfilled. May your strength lie in the sound of the Celestial Belfry because, despite all the tests that you will still live, the path of return has begun to be trodden.

When you cannot bear the chaos in the world, the transition of days, be silent and listen to the Celestial Belfry, because from the moment it begins to sound, it will not stop until the last creature returns to the Heart of the Father.

Find strength in the spirit, find strength in the silence, because it is through silence that the truth will be revealed to you.

Experience today, children, the presence of the Real Time of the Universe, experience the Divine Purpose concretized, your missions accomplished, your spirits transformed.

Experience today the entrance into the Temple of the Sphere, that Spiritual Temple which dwells within the planet as a part of the Heart of God. And may this experience be for you like a promise that all will pass and that the Plan will be fulfilled.

Teach your hearts to find silence, so that they may find again the balance of their minds and emotions, so that they may allow the retrograde impulses that the planet sends to them all the time be transmuted and liberated from the human consciousness.

Teach beings to be silent, contemplate nature and find God again through this simple exercise; this will be a key when all seems lost. Hold within your hearts what I am saying to you, so that you may not forget that, through silence, you can find the Temple of God, and know, in this Real Time, that all is now fulfilled.

Argentina must someday rise from within. This is why your hearts are here, congregated in this Sacred Center, experiencing the Temple of the Sphere, in which divine codes are deposited in your essences, in your cells and consciousnesses, so that you may rebuild yourselves and in this way impel this nation, which must become the cradle of a new life, must be ready to prepare the way for the Redeemer and that, with your hearts rebuilt, you may help rebuild life on Earth.

May all the Sacred Centers that dwell within this nation re-ignite, so that souls may feel again hope and inner strength.

May the Disks of Love be activated, to awaken souls and elevate consciousnesses. This must be your mission in this time: elevate the vibration of this nation as well as this planet, to sustain and maintain all, until it is fulfilled in all dimensions and times.

We will accompany you and walk side by side with each one of the servers. I just ask you to perceive Our Presence and count on Us in prayer and silence, to establish peace.

May those who are postulants to consecrate themselves as Children and Friends of Saint Joseph stand up.

Children, receive today a spiritual impulse and a Celestial Grace that comes not only from My Chaste Heart, but rather from the Heart of the Creator Father, so that your souls may always find strength to persevere.

Receive today the gift of wisdom, to always know where to be and how to proceed, to know how to lead souls when they are confused, to bring a word of encouragement or an intercessory silence before those who need it the most so that, like the Sacred Family, your hearts may be serving hearts in silence and also in your actions, so that you may mirror in life the gifts that are kept within you today.

Express that which you are, so that your virtues may not remain only latent in your hearts, but you may express them with the simplicity of the life that consecrates itself to God.

You have My blessing for this..

Bring incense and blessed water here.

May this water wash and purify you, and symbolize the purity of heart to you, so that you may always find it, even amidst the times of chaos and of so much impurity in the human consciousness. Through this gift, I grant you purification, so that your hearts may be ready.

May this incense be blessed to symbolize consecration and your eternal aspiration to make life sacred. Through this incense, I bless and consolidate within you the Graces that I grant you today, so that nothing can remove from you that which you have received from God. Be worthy of being called Children of God, representatives of Christ, forerunners of a new life, so that the Divine Purpose may be established.

May the Light of the Temple of the Sphere remain ignited within your hearts. Remember to return to it whenever you need help, whenever you need an answer. Silence will be the key that will open these doors to you and, through the crystals of your hearts, will indicate that you may enter.

Today I bless you, I consecrate you and grant you one more opportunity to begin again.

In the name of the Father, the Son and the Holy Spirit. Amen.

Go in peace, under Divine Grace.

I thank you.

Sister Lucia de Jesus:

At the request of Saint Joseph, let us sing the song of unity once again and prepare ourselves for communion.

In the name of the Father, the Son and the Holy Spirit. Amen.
