

**Daily Message for February, 1 of 2016,  
received in the city of San Esteban, Córdoba, Argentina**

**Transmitted by Mary, Rose of Peace and Mother of the Refugees to the visionary Friar Elías del Sagrado Corazón**

Dear children,

It is with the joy that My Immaculate Heart feels after the positive answer and the confirmation of a longer stay of the missionaries of peace in the Middle East, that on this day My Plan of peace, rescue and service will expand itself over the Arab regions.

It is in this way, dear children, that your Heavenly Mother will be sending the servers to carry out the next humanitarian missions in Iraq, Oman, Qatar and the United Arab Emirates, among other sister nations that need the presence of the Christic energy through the donation to voluntary service.

In the spiritual plans, Your Heavenly Mother is already working together with the angels to manifest this project, in order for the love and the service of the Divine Messengers to reach, through the humanitarian missions, many needy and completely forgotten souls.

The positive answer of the Turkish association of service to the refugees, throughout many years, has opened the doors so that the unpayable spiritual debts between the Middle East and the Americas were balanced by means of the selfless donation of Fraternidade – International Humanitarian Federation with the Turkish association that takes care of the refugees.

The ecumenical exchange that was spontaneously created through service will allow, in the next cycle and in the new missions, to approach many souls to the Divine Spirit of Mercy, of peace and of love, which goes beyond the religious creeds. The true ecumenism happens as a result of the attention that one soul gives to another when the later is suffering from pain and neglect.

Dear children, your Heavenly Mother and Saint Joseph already find themselves preparing, in the inner plans, the next stages of service and selfless donation, which new consciousnesses belonging to this group of spiritual work will be called to live, directly by the inner call of the Divine Mother.

In this hour, in which the judgment is happening in the world and to all the souls on Earth, the Universe will be granting an extraordinary Grace so that, still in time, the seeds of love and mercy may be sown in the consciousness of humanity, seeds which – in this case, through the humanitarian missions – will be sown in the Arab nations of the Middle East.

What is happening between the different missions in the Americas and in the Middle East is extraordinary, since it is mobilizing the action of more elevated Laws of mercy and redemption to the world.

I leave this message as an opportunity, not only for the missionaries but also for all the servers, that there is still time to change the destiny of this humanity and of this beloved planet.

I thank you for answering to My call!

Who blesses and elevates you always,

Your Mother Mary, Rose of Peace and Mother of the Refugees
