DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

At the doors of an end of cycle and at the begging of another, of greater purification and definition, I ask you to not be afraid and to clench My mantle with your hands, so that together in Christ we may be able to cross the great storm of this worldly and spiritual transition.

May your eyes look at Me all the time. May your hearts feel Me all the time. May your minds be united to the Mind of God so that no one might lose their path towards the Glorious Heart of Christ. May your tests, challenges and confirmations be an opportunity to belong to the Plan of God. Children, there is no longer any consciousness nor soul over the Earth that is not living their own transition. But My Heart is the key and the antidote to prevent and to relieve any purification.

Now that you are more mature and conscious of the word of the Divine Hierarchy, do not allow yourselves to stay motionless in the middle of the path, as if there were nothing else to be done. Leave the torpor that My adversary produces all the time and, as decided apostles, assume the task that has been entrusted to you.

Children, unite yourselves, unite yourselves very much! Beyond your ideas and preferences, do not lose the course of the Divine Purpose. You are guided by My Immaculate Spirit so that someday your lives might be the reflection of a purity that was worked upon by effort and charity. Do not distract yourselves with the superficial and common things, the spirit of your concentration and prayer should already transcend the difficulties.

If you call yourselves My soldiers, then be so with truth and act in the way that the Universe needs. I still see many children with their feet over two boats, waiting for the Universe to decide for the life of each one of them, but this will not happen any longer! Open your eyes from the sleep that absorbs you and see the reality of this humanity, the one that hurts and damages itself, the one that loses all the values of a true and healthy family, the one that subjects many souls to styles and tendencies of a demonic life. Cut the network of evil with your swords of light and may prayer be the principle to create the great divine protection.

Hop on the horses of light and tame your preferences, be ready at any hour or moment to respond to the commands of the Universal Mother. The world is only now crossing the first door to the transition, and it will be stronger if the world keeps on outraging the Law of God, as if nothing else mattered.

Rule with serenity and harmony, search for the Essence of My Son in order for your ideas to be guided by the wisdom of His Heart. Adore Him and build the foundations for the New Humanity! Do not separate yourselves! Be loving and you will not feel alone during the battle of the Woman Dressed of the Sun against the beast. Elevate your thoughts to God and live Mercy as the only and last exit, thus you will be saved.

I thank you for answering to My call!

In the sovereign power that rules you,

Your Mother Mary, Rose of Peace
