**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

A sign of conversion is the living of love. A sign of faith is to be daily in the Heart of My Son. A sign of hope is to pray with Me for peace. A sign of bliss is that your lives be as Sources of Mercy of the Eternal Father.

Dear children,

With joy I await you so that we may pray for peace. Praying with Me you will allow that the Ray of Grace be life and salvation for the souls that are scattered throughout the world.

Beloved children, in this time of changes and transformations I ask you to pour the faith of your hearts on the great Love that My Son has for all. The change in your hearts, dear children, will permit the changes in the consciousness of humanity.

My children, in this way, and for the souls, I am accompanying each one of My children in the steps of faith and consecration that all must live.

Dear children, I invite you today to take refuge in the Heart of My Son, because in Him you will find the answer and the exit path that many souls search for in this time of changes. The true change must first happen in your hearts so that later it may happen in the consciousness of all My children.

Little children, know that it is necessary that your hearts construct a new world through the love and the peace that many children do not have nor live. For this reason I call you to propagate the Love of the Celestial Father over each place on Earth. Thus the Grace that many hearts are waiting for will be able to be a truth for the life of all souls.

Dear children, cooperate with the presence of the fraternity that My Son radiates to each soul. Know, My children, that in the depths of all your hearts you are one with God.

Thank you once again for responding to My call.

Celestial Light in your hearts,

Mary, Mother of the Divine Conception of the Trinity
