DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED DURING THE JOURNEY FROM SANTA MARÍA TO PORTO ALEGRE, RIO GRANDE DO SUL, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Let My Liberating Power extract, from your being, the old vestments of the past, so that the true purpose may emerge in you, and thus the new being may be born.

Sometimes to deprive oneself of the past is more painful than crossing an entire desert, thirsty and without water. But My Liberating Rays descend upon those who are Mine so that they may surrender everything to Me and thus My Divine and Unfathomable Mercy may triumph.

Dare, companions, to let My Liberating Rays divest you of the past, so that your true and only essence may be revealed, and with it, all the treasures of the Love of God enter in you.

Do not think you will die before you reach Me due to being divested. The spiritual death of the past begins by accepting the designs of the Great Master.

This is the hour in which your Lord will cause Truth to emerge within His Own people, which is to say, the truth of being able to know pain, misery, and bitterness. And all of that together will be liberated by Me, so that the grand mission, of representing Me in the world and in the most crucial moment of My Church, may be fulfilled in souls.

For this reason I divest you and I deliver you to My Father, empty of everything, so that your testimonies be the true example of your lives.

To truly be by My Side, I will need up to the last drop of your effort; in this way, My Plan will be fulfilled as it is written in Heaven.

I thank you for holding My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
