**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

In His Grace, the Lord summons you to work for all your brothers and sisters in the world, under the spirit of peace.

In these times in which the world does not rest from its suffering, I call you to the perpetual prayer for peace in all hearts. Through this path you will be able to build solid columns of My Peace so that they may radiate to the whole world. Know, My little ones, that the Lord awaits the redemption and the conversion of the world. Therefore I come from Heaven towards you in order to teach you how to forgive and love, despite the human differences between hearts.

Dear children, true Peace is a state of Grace. Peace is divine and immaculate. I come to the world to remind you that humanity has a door through which you can find My Maternal Light. Each day that passes, the world fades away. Therefore, My dear children, the act of prayer must be constant to the point of feeling it as a part of each one of your cells.

In this way, My little ones, many Graces will be able to be poured in order to open the hearts that still remain closed. You, little children, just remember and live each moment of prayer. In this way your little hearts will shine within the night that will come to all. See the Light of My Immaculate Heart so that your souls may have strength and may feel the Peace that I am radiating from the Heavens to you month after month, apparition after apparition.

Rejoice your hearts through the path that you are currently traveling. It will be important to sow unity so that the state of My Divine Peace may be a burning fire in each one of you.

Live in peace and feel My Immaculate Peace. Love one another as My Son has said. It is time to live these mysteries.

Thank you for responding to My call.

Who contemplates you with the Heart,

Mary, Mother of the Divine Conception of the Trinity
