DAILY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, TO THE CITY OF CAMPINAS, SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

When I come to meet you, I also come for the world and, in consequence, for all those who suffer the catastrophes of the end of times.

I arrive at certain places of the world through My maternal and immaculate Spirit and thus I may help the most innocent souls that live the most difficult tests of all times. If this happens, it is because there is inequality among peoples and equity does not exist.

Your Celestial Mother goes on pilgrimage through the nations of the world to awaken within the human being this consciousness of equality and union among all beings. It will be this equality that will grant Holy Justice and, in this way, nations will no longer be dominated by capital sins, but will be guided by Divine Wisdom.

This is how, with very few, your Celestial Mother is building this consciousness of equality and respect so that it may serve as virtue and value for the next humanity.

Thus, little by little, humanity must recover the values and be re-educated with the civilized principles that once, by mistake, it lost.

I am united in prayer with all My children who suffer the consequences of inequality, so that they may have inner strength and, in this way, get through these difficult times.

I thank you for responding to My calling!

Who blesses you,

Your Mother Mary, Rose of Peace
