**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

My children,

With love I ask you today, on this day, for a perpetual prayer done with the heart. I wait for you every day so that your souls may merge themselves in Christ and thus the plans of peace, that are urgent for the world, may be accomplished.

Eliminate ignorance and illusion from your lives so that My Immaculate Heart may be the secure Purpose to reach My Son. On this day of prayer, fasting and retreat, offer your true intentions so that the Heavens may receive them and may send a sincere response to your requests according to the Will of the Father.

Dear children, you know that My Heart overflows with joy when the souls put themselves under My Mantle of Mother, but My Immaculate Heart also suffers from seeing many children still distant from the Love of the Father, the Love that I am pouring over the world, both in Medjugorje and in Carmo da Cachoeira.

I want to tell you, beloved children, that My Maternal, Immaculate and Universal Purpose is the same for the whole world.

Why is My Heart in two places at the same time and with appointed times? Because the world still has not learned how to live from the real and pure Love that God expresses in Creation for all of the creatures. This is why God has sent Me to Brazil, because a great part of this nation has consecrated itself to My Immaculate Heart.

I am the Lady Aparecida who brings to the Americas a new call and request for attention to all the hearts. The Will of the Father is that I accompany South America for some time more, through the renovation of the cult of consecration to My Immaculate Heart.

Under the power of the Holy Spirit that I bring to all, I invite you to seek this Greater Light as a last resource of peace for the world. Therefore, dear children, My Heart, My voice and My Maternal Presence present themselves in this part of the Americas because My Heart must embrace the world more and especially many souls that are not being lead through good paths.

This is why I do not only call the Christian community, but My Heart cries out even more for all those who are lonely and distant from God. My only call and mission is for all to prepare their hearts in peace before the world changes quickly. With this aim My Immaculate Face is appearing over Brazil and Uruguay.

Dear children, I only tell you that we are now in the time to live the ecumenism of the heart through fraternity. I invite you to pray deeply with the heart so that the plans that God has entrusted to Me for Brazil may be accomplished out of love and for the salvation of more souls that are without My

Son.

Thank you for responding to My call.

May peace be the spring of hope for your hearts.

Mary, Mother of the Divine Conception of the Trinity
