**SPECIAL MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO MOTHER
MARÍA SHIMANI DE MONTSERRAT**

From the Heart of God, My Voice comes to the Earth of Love and Forgiveness, the sidereal school which will be the one to convert this and other Universes into a New Creation, in which the Race of Christs will flourish.

And it will be from here, from this tiny crib called Aurora, that these Christs will be born for the whole Universe.

I know that you do not understand My words, but you will soon see, My children, with the passage of time, how this humanity will give birth to the Christs of the New Time, who will impel in the Universe the changes that will give another direction to the Creation.

Today I descend as the Divine Conception of the Trinity to bring again the healing for humanity and for all of you, faithful and fraternal Children of God. I bring from the Source of Healing of the Creation this attribute that the Father wanted to place in this small place so that from here it could liberate, transmute and heal the world.

However, humanity has not understood the greatness of the Creator, although more than two thousand years ago He was placed, inside of a poor crib in Bethlehem, His own manifestation of Love through His First-Born Son.

Although more than two thousand years have passed, humanity still does not accept that, in His Infinite Humility, the Father places His Grand Will in the most sacrificed, in the poorest, in those who struggle the most every day to live true love and to honor the Truth every day.

For this reason, Aurora prepares itself like the crib of Bethlehem to give birth to the New Christs so that God can again express His Perfect Will in the small and humble.

Today the Aurora of My Heart beams in Love and Grace, placing its children in its cradle of love, of forgiveness, and of healing; today, the Aurora of My Heart offers healing and liberation to the spirits that come to offer their lives to Christ in order to be able to accompany Him in His Return.

Today, from here, I bless My crib of the end of times to all those who come with the heart in their hand and offer it to My Son and also to God so that His Divine Plan may be fulfilled.

Today, from this Aurora of My Heart, I send to all of My children in the world, to all those who are always in offering to My Son, the healing of pain and of errors, so that they can go ahead complying with their part in this Divine Miracle which is preparing the path of return of the Savior, Christ Jesus.

Today the Aurora of My Heart beams in the essences of the merciful, of the meek and the humble,

of those who know sacrifice and temperance, of those who live in truth what My Son taught in simplicity.

Today I ask the Father, from My Heart of Celestial Mother, from this House of Love, that temperance, strength, and faith descend upon this place and on these hearts so that in this time, in which the presence of My Son will be in Aurora, this place may be blessed by these attributes that will consolidate the inner walls, which will sustain them during the time to come.

I love you; live in peace, the honor of serving God.

Your Mother Mary, Mother of the Divine Conception of the Trinity and Mother of Aurora
