DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE LAKE GUATAVITA, CUNDINAMARCA, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

From the most humid jungle to the highest and coldest peaks of the country, in its inner enclosures, Colombia holds notable relics of ancient peoples from the past that, being free from the aggression and the conquests of these times, experienced contact with the Universe in a natural manner. There was no great effort for this to take place.

The legacy of the native peoples of Colombia was so important that this tradition of contact with the Universe was transmitted throughout time to other remote peoples, such as those of the jungle of Mosquitia, in Honduras, or the very same Aztecs of the low planes of Mexico and of the area of the Yucatan.

All these peoples, but especially those of Colombia, were aware of and knew about what was beyond them, which guided them to protect the essence of what they had achieved through their union with nature.

This past, rich in knowledge and evolution, is held as a unique treasure within the areas of the greatest biodiversity of Colombia so that, in a future stage, they may be applied as a code of civilization within the new humanity.

Colombia is the land of revelations, of the most ancient secrets that will come to light in those who love universal life and communion with all that is created.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
