DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM AVILA, CASTILLA AND LEON, SPAIN, TO FÁTIMA, SANTAREM, PORTUGAL, TO THE VISIONARY FRIAR ELIAS DEL SAGRADO CORAZÓN

Dear children,

As long as humanity decides to walk along the path of suffering, it will need the sublime currents of healing.

Therefore, we come to encounter you in this time to try to awaken humanity to the path of non-suffering.

Many souls in this time seek to resolve their inner and outer lives without Christ; this leads them to enter paths of great suffering and tests, losing the meaning of their spiritual and evolutive paths.

Although there are only a few souls that find the path of healing, this will be spiritually radiated towards the consciousness of the planet. Therefore, it is important to maintain a consciousness of permanent search for redemption so that the inner processes of humanity may finally be healed.

Prayer favors and conceives this spiritual healing, which souls seek so much, to take place gradually; having a lot of faith is all it takes to be able to reach the Source of divine and inner healing.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
