DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Fix your gaze and your heart on God so that neither hatred, fear, insecurity nor lack of faith consumes you.

Fix your gaze and your heart on God so that you consolidate, within yourself, that which will sustain you on the planet as a seed of a new life, unchangeable in its love, even before the Divine Justice or the chaos attracted and generated by human beings.

Fix your gaze and your heart in God, so that being real and truthful to your union with the Father, you can guide, raise and sustain others who have not known how to keep themselves on the right path, when everything was given to them.

Fix your gaze and your heart on God and not so much on the chaos and ignorance of the world. You need to make of your heart a wise and pure heart in love and of your spirit a firm and full spirit in truth.

Therefore, child, see what happens in the world, pray and learn with the mistakes and errors of humanity, but, above all, fix your gaze and your heart in God, so that, thus, you are in peace and attract peace to Earth.

Your Father and Friend,

The most Chaste Saint Joseph
