**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF QUITO, ECUADOR,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

The Christs of the New Time

They will come from different places and different beliefs. The New Christs will have no preferences nor material or spiritual desires.

The Christs will come from the inner worlds to help in the transition of humanity. Some will awaken unexpectedly but others will remember their spiritual commitment with the Lord.

The Master and Lord of the Universe will call them by their spiritual name and the new identity of the self-summoned will be revealed.

The Christs of the New Time will unite in love and will go beyond forms, concepts and even their own doctrines. When everything is about to happen in the world, nothing will have value, not even the great intellectual philosophies.

The Christs will find the path of the heart and will have no limits; overcoming themselves, every day, will lead them to love the Purpose and, thus, prepare the return of the Great Master.

The Christs of the New Time will synthesize within themselves all the travelled journey, they will understand that without the essence of Love-Wisdom they will be nothing, that no project or aspiration will have any value without being impregnated with the sacred flame of Love-Wisdom first.

They will come from different nations, they will speak different languages, they will bring with them different cultures, roots and even experiences of conversion and redemption.

The Christs of the New Time will be anonymous and their silent work with peace will move all events. They will be so similar to the ancient Apostles and so guided like the great saints of the last times.

The Christs of the New Time will be aware of what to do, where to be and who to deal with. Their work will be planetary and will not be limited to human forms, concepts or legislations, because they will be in the Law of Wisdom and Discernment.

The school of the New Christs will be in service and in humility; they will live their deserts, they will transcend their emptiness, and they will be filled with the Spirit of God.

The New Christs that will represent My Son for this last cycle will have nothing to gain nor nothing to lose; renunciation will be the great key in overcoming all tests.

The New Christs are the new apostles, the so-called saints of the last days or, more clearly, they

will be the last witnesses of the Bible.

They will have to give their faces to defend what they believe. They will not step back before any difficulty, they will trust that each challenge or difficulty will be the perfect way to realize the Return of the Lord.

This is why the New Christs will be tested, they will have to witness their faith and defend the internal principles that Christ Himself will leave as a message in their hearts.

No one will know whence the New Christs will come or whence they will arise, but they will appear and be of help for the most acute moments of humanity.

If you feel you are on the path of being a New Christ or if you live that aspiration, meditate it in your heart first, because the time will come for the last defenders of the Divine Plan to be called to justify evolutionarily before the Church, the government or the Armed Forces that Christ, the Master and Lord of the Universe is returning.

From the mouth of the New Christs will be born the most correct and wise words and nothing and no one will be able to oppose that transforming Christic energy that will change the decaying course of present humanity.

Meanwhile, let us pray that the New Christs have the courage to carry forward the last part of the history of the old humanity, so that the New Human awakens and the Promised Land manifests before the redeemed hearts.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace and Mother of the Sacred Prophecy
