DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF TUSAYAN, ARIZONA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

From the sacred places of the planet, collect the deepest and most hidden history of humanity. Let this history awaken in your hearts like an ancient memory that remained silent in the depths of your souls.

May this record, revealed today, be an impulse for you so that your hearts may return to purity, to the sacred and to the aspiration to be a living part of the Plan of God.

There is still much about this world that remains merely a memory in the souls of those who experienced it and in the consciousness of the planet and its Kingdoms.

It is time to remember, not to stay in the past, but so that all that you have already experienced as humanity may propel you today into taking new steps. Humanity needs to know what it has already done and what it has already experienced in order to understand what it still awaits.

In very ancient times, purity carried you into transfiguration, and surrender led you into participating in Laws that transcended matter so that you could participate in what is invisible and seemingly unachievable to you.

May purity emerge again within you today so that you may discover other Laws and, through surrender, not only be participants in subtle worlds, but also allow these worlds, in the material dimension of the Earth, to find their space, the sacred place to manifest what was promised from the beginning.

You have My blessing for this.

The Most Chaste Saint Joseph
