DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

As the human heart of a simple man without great intellectual learning, I learned to trust in what cannot be seen with the eyes of the body, only with those of the heart.

As Joseph of Nazareth, I lived the greatest miracle of life -the conception and the birth of My Son Jesus- whom I assumed as Mine, knowing that He was, in truth, the Son of God.

There has been no greater proof of trust and faith in God than this one that Joseph and Mary lived by knowing that the Son they had in their arms, in that manger in Bethlehem, was the Living Son of God, the Messiah so expected by all generations that preceded Ours. It was like constantly living inside of a dream and not knowing what the reality was: if it was that which we were living with the Child God - in the trust that God, in His Humility, made Himself a child among us and allowed us to take care of Him and protect Him - or if it was that which everyone around us were living, most of them could never conceive the truth that such a Little Boy was, in reality, a great King.

Every day, by looking at Little Jesus, I would ask Myself: how can God, Who protects us and guard us, surrender Himself in this way into the arms of humans and place trust in their care and in human paternity?

That was how My Heart opened to discover that there was something in the human heart that only God knew in order for Him, who was the great Father of Creation, to surrender Himself as a child into the paternity of humans.

Only the humility of My Heart was what opened the doors so that I would understand that God was showing our likeness with Him. He came to the world as a Son, in order that we could discover within ourselves the Father, Himself, the Most High God.

I tell you these things because your human hearts are also before many mysteries and they will be before even greater truths that will awaken within you the faith or the disbelief, according to the way you may place yourselves before the learning which God brings to you with His Perfection.

If you are humble, you will be able to understand the Humility of God, Who in many ways surrenders Himself to His children so that they may discover what they in truth are, and thus, awaken to the likeness with His Most Sacred and Great Heart.

Today I leave you this reflection, and these codes of light of My life with Christ Jesus, Who now reigns throughout the whole Universe.

I love you today and forever.

The Most Chaste Saint Joseph
