MONTHLY MESSAGE OF THE MOST CHASTE SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

As well as disbelief emerges in the heart of humanity, also faith will emerge. The spirit of God raptures those who in trust are willing to live according to the designs of the Creator.

Many will be the destinations presented before the human eyes and will be the small but true impulses from the heart, the ones that will dictate through which path will enter the consciousness.

Humanity, companions, is in its great moment of definition and many do not want to see and feel; they close their eyes to what happens around them and lock the heart to the reality of a superior life.

Throughout all the human history, the Creator placed you before a great step that would define the course of humanity, but almost all the times you preferred the material power to the simplicity of spirit. Now there is no longer time to deliberate on which paths to follow; it is no longer time to experiment, but to define.

The human heart was created by God as a form to cure all the universal ills, because, in the life of the universe, one thing would thwart the beings from reaching God: the impossibility of abandoning their desires, aspirations and goals, even the most spirituals one, to merge themselves with their Creator. For this was conceived and manifested this human project, that from the beginning contains in itself all the capital forces that are capable of imprisoning humanity, with profound roots, into the matter.

Great would be the challenge and for that God sent to Earth the most perfect that existed in the Universe. To demonstrate to humanity that this human project was possible and how it was loved by His Creating Heart, He had sent to the Earth His Son, The One that was conceived to fulfill a mission of reigning in the Universe and showing to all of the creatures the true path to reach God: surrendering everything, their merits, their knowledge, their goals, their lives.

He also sent That One who became flesh to manifest the perfect feminine Principle. That one who is the Mother of all that has been created, who is the pure consciousness of Maternal Love for all the Infinite and who was sent to the world to demonstrate to the beings how to reach God. As the perfect maternal principle, She renounced to what She had of most valuable: Her Son, that She knew that was the Son of God, made man, made wound, to heal the deviances of this world and of all of the cosmos.

He also sent a Servant of His, in whom He trusted, because He knew about the perfection of the human heart. He made be born a man in this family that would renounce to what was the most honorable at that time: to His paternity. He renounced to Himself to recognize the Will of God and to rejoice in It for its perfection.

Now, this family returns to the world, time and again, because this planet will cease to be a school and will become a living example of the perfection of God. Everything that lives in it and that does

not move towards this perfection will find a path in other universal destinations.

I do not tell you that for you to be afraid, but rather for you to awake, because you are living inside of the most perfect manifestation of the Divine project, which is the planet Earth, and you are here not to enjoy life in the world, but to renounce to it, to surrender to the Lord even the least aspiration, as spiritual as it may seem to you, in order to find, in the divesting of self, the Truth of what God expects from each one of you.

Remember that His Son renounced to the recognition of humanity, carried humiliation, denial and all the sins of the world and of the universe on His back, in order to reappear in Glory and to announce to the world that the true path is the renunciation, that the true victory is the defeat of self, and the true achievement is the loss of all the things to find God.

Do not fear the failures of humanity. Know that you truly understand nothing of the paths of God.

Remember that, such as disbelief emerges in the hearts, faith will emerge, and it is on this faith, which is the manifested Power by God, that you must find the support for your souls and your spirits.

I thank you always and I will guide you through the path of the Victory of Christ in your interior.

The Most Chaste Saint Joseph, eternal Servant of God
