DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Great is the mystery of Creation. Grandiose is the Grace that hides, that conceals itself in the depths of the human heart.

Today, the angels and saints give glory to the Creator, because humanity has experienced the power of unity¹, and His Plan begins to be fulfilled in the consciousnesses of those who said "yes".

Magnificent is the mystery of the Lord, and it is a unique gift to be able to reveal it in the simplicity of the inner world.

Children, feel today the power of unity among the creatures of God. Feel what grandiose mystery is revealed to you when, with simplicity, joy and love, you respond to the heavenly call.

The time has come for the apostles to take their places again, and to leave again, two by two, to sustain the world and, in a silent way, to unite with the Divine Hierarchy to fulfill the Plans of the Father.

Children, today a higher Grace has descended to the world, because, for an instant, you were capable of transcending self-love to love the Plan and the Will of God for each nation and for each consciousness.

Today, I thank you for having allowed yourselves to experience the truth of your hearts. Now, with this experience in your own inner world, do not detain yourselves and move ahead, sowing the principles of a new life on this planet in redemption.

When you open your hearts, the Heavens come to your help and the power of Mercy is greater than the ray of Justice.

Today, a new apprenticeship of love has been granted to you; keep it and multiply it within the days that will come.

Your Father and Companion, the One who thanks you for interceding for the nations,

The Most Chaste Saint Joseph
