**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED DURING THE COLLECTIVE EFFORT OF SAINT JOSEPH, IN THE MARIAN CENTER OR AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

The Renewal is a spiritual attribute that comes from the Heart of God. Only the Father and Creator of all things can provide the true Renewal for His children, because in this moment He restores, in your spirit, the original Principles which you have diverted from as humanity; and restores in your consciousness the part of purity and of the original essence which you have emerged from, in the Sources of the Celestial Universe.

With simple things of life, in which the human heart is filled, God acts and operates the spiritual miracles that, in so many ways, the consciousnesses seek and do not find.

The human heart is a great mystery. But more mysterious and incomprehensible than this heart is the One who has created and thought it in His Image and Likeness.

The Things of God are reached with the heart, and to awaken the human heart and unite it to the Heart of God you need to do no more than be sincere and true and make efforts to be inside of the first and only Law, which helps you to return to your celestial Origin, which is the Love.

With simple acts, in which you make effort to come out of yourselves and offer a little of your actions to the Plan of God, this is where your spirits find the perfect opportunities to arrive to the Father.

This Creation, children, is wonderfully simple, however the minds of human beings make them feel complex and difficult and create difficulties to return to God.

God is always with you.

Remember everyday that the true acts, as much as you do not feel it and do not see it, unite yourselves to the Father; live this union in the name of all of humanity.

You are called to be precursors of the New Life, where humanity will be able to express its potential and the true reason it was created; it will be able to be permanently united to God, and this can happen in service, in prayer, in silence, when you share joy and fraternity. This can happen in any moment if you are only sincere and true.

Today I bless you and I thank you with My Heart and My Spirit for trying to build the fraternity and repair the human heart.

By the merits of your persistence, today I am here, and just as in every Collective effort, My Graces flow in your hearts, and through them, to the world.

If you want to serve in order to transform this planet, begin to serve one another, begin by caring for, with love, the Treasures that God has given you, which are the Communities-of-Light which will serve to help and support many souls in the future.

Again I thank you and I leave you My Peace in order for you to multiply it.

Your Father and Friend,

The Most Chaste Saint Joseph
