DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Drink from the Sacred Chalice of the Lord and adore His Blood, eternally poured out upon the Earth, as a Fount of Mercy for all beings.

Drink from the Sacred Chalice of the Lord and revere His surrender, every day, renewing your commitment to Christ.

In the Holy Chalice, contemplate His eternal offering of Love. Contemplate His Grace in this Cup, always full to quench the spiritual thirst of all hearts.

Revere the Holy Chalice, which within it holds the new genetics, the new patterns of life for the Earth and for all the Universes.

Commune with this Blood, so that it may change and transform your cells, your atoms, your consciousness and your spirit into a living imitation of Christ.

From the Hands of the Lord, receive His Holy Chalice and drink from it. This is the offering of eternal life, of life in Christ, where Love is renewed and multiplies within each instant.

On this day, the Lord offers His Holy Chalice to all beings and pours His Blood out upon all life. His impulses of light cross boundaries and dimensions and permeate all beings.

May this river of Mercy touch you and be able to enter into your beings, into your hearts, and find you open to be washed by Christ.

In reverence, be in communion with the principles of the new life, for through the Blood of Christ, this life is impregnated on Earth.

Your Father and Friend,

The Most Chaste Saint Joseph
