WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

As long as there are wars in the world, there will not be peace within beings.

As long as there is the death and violation of animals on Earth, there will not be peace in the minds of humankind.

As long as beings neglect contact with their own inner worlds, Earth time will still be far from the Real Time, and illusion will dictate the steps of most human beings.

With this, I come once again to tell you, children, that what happens within each one of you, as well as your actions, decisions, thoughts and feelings, all this influences life on Earth, all this influences the movement of the elements, all this influences the Universal Laws and their Rays.

A sincere prayer opens the doors of Heaven, unites the planet to the Divine Consciousness, deters the Law of Justice and opens the way to the Law of Mercy. Likewise, the violation of the Kingdoms of Nature closes the doors of Heaven, deters the Graces that would be poured from the Hands of God upon the Celestial Universe, opens the doors for dark forces to control the minds, emotions and human actions and prevents beings from knowing peace.

Life on earth is simple, and simple it is to keep to the Law and find the perfect Will of God, but with this same simplicity, you can do the opposite and establish on Earth the world of illusion and obscurity that you see today.

Life is built at every instant, with the right decisions before the stimuli you receive, with the right words and the right silence, each one at their own moment, with sincere prayer, true surrender and selfless service. This is how the new being is built, from the inside out.

Yes, pray for the end of wars, but do not forget, children, that the end of war begins within you, and not outside. Therefore, be peace to the world.

You have My blessing for this.

Your father and friend,

The Most Chaste Saint Joseph
