**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF LIMA, PERU, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

**The spiritual value of the essence of the soul**

Each child of Mine holds in their interior an essence that was created by God to evolve and to have the experience of living love and redemption.

This inner essence of each soul is the one that holds the knowledge about spiritual life and it is the one that provides the awakening of the consciousness.

Therefore, the awakening to the essential life leads each being to discover the gift of purity and the opportunity to serve.

At this time the essence of each being is very valued because it also holds the experience for the next and future humanity.

Through prayer this sacred condition is created of knowing the most profound of each being and of discovering, on this path, the divine reality that lives in each soul, the one that disposes itself to take a step to this spiritual knowledge.

The essence is like the master key for the walking of all consciousnesses, without it, it would not be possible that the hearts would learn to love and to discover the truth within themselves.

As the Mother of the essences of the world, I lead you towards My Heart for you to always be in God.

I thank you for responding to My call!

Who unifies you in the name of the Father, the Son and the Holy Spirit,

Your Mother Mary, Rose of Peace
