**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Trust in My Maternal Love and you shall be saved. Commune with My divine presence so that your hearts may be liberated of all pain and may be reborn as little lights for the Lord.

Dear children, the Lord needs to avail Himself of you every day in this life and during all the time that passes by. Therefore, My little hearts, hold tightly to My Mantle of Light so that under My humble feet you may see the path that I will indicate to the throne of the Lord.

Let us pray for peace in the world and especially let us pray for all those hearts that live day after day suffocated by suffering and that are lost in the confusion of the heart. To alleviate all these ills, My little ones, I am in perpetual need of your prayers. Thus, My dear ones, many hearts that in this final time are lost may be rescued from the twilight of life and of the world, and thus be saved.

The Lord, who is worthy, wondrous and merciful wants, through My Maternal Presence, to safeguard all the hearts that, without perceiving it are distanced from His Heart of Love. Now, My soldiers, the time has come to give everything out of love to the Supreme Father. This will help in the liberation of the great faults that many people commit unjustly against the Heart of God.

To you, My little ones, who as servants of prayer respond to My call of Peace, I say: I, the Queen of Peace, count on the beating of your hearts that, full of prayer and of Mercy, will assist in the harmonization of many blind hearts.

My Divine Light, light that monthly I am bringing to your hearts, is the same that must be radiated to your brothers and sisters, those who wait to rest in My maternal arms. For this reason, My dear children, each day of service that passes is the equivalent of years to rescue the hearts that are absent from the Most Beloved Lord of the Heavens.

My little ones, we are in times of Special and Unique Graces that, by means of My Immaculate Heart, are being conceded to the hearts that would not deserve them. And as My Love is great and immense for each one of you, you will be able to understand that My Divine Heart of Mother and Servant is working in honor of all My children in need of My Love.

I am preparing your hearts daily for the times that will come. I will listen to you and will meet you in the inner exercise of prayer, because, I assure you and I confirm to you that My Immaculate Heart will be inside your little hearts.

It is time, My beloved ones, that the Love that springs from My Divine Heart be an expression of life, for each one of your souls.

May the Lord at each moment bless all of you, My children. Who adores you and shelters you,

Mary, Mother of the Divine Conception of the Trinity
