WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE DESERT OF CHILCA, PERU, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Contemplate the solar essence that is given to creatures through the spiritual treasures that God hides deep in beings.

Contemplate the solar essence that is given to creatures through the "yes" that a few emit to the Universe, forgetting themselves and surrendering their own lives to the Father for the benefit of human evolution, and more than that, for the benefit of the evolution of all the Universes and the renewal that God Himself lives when His Children say "yes".

Enter the desert of your inner being and follow the sublime ceremonies that are carried out in the silence, while humanity, distracted, seeks a way out of the entanglements and the chaos of their own lives.

Contemplate the solar essence that God gives to His Children, so invisible, yet as palpable as the wind.

This Light, which does not come from this world, is not only like the Sun that illumines your days. It does not reveal itself to those who do not want to see it; therefore, child, enter the desert of your heart and there receive what God has to give you.

Like the Patriarchs who opened themselves to a new cycle and awakened the faith in One God, Who spoke to them in their heart and awakened their consciousness, you too enter the desert of your spirit, open to a new cycle, ready for a new Law.

I know that, for you, many mysteries are not palpable and even less, reachable before your imperfection, but today I take you to the desert and I show you a place where emptiness is real, where you become a new jar, ready for a new cycle and a new inner learning.

Just simply take My Hands and enter with Me into this desert and, like the peoples of ancient times, allow yourself to be renewed by God.

I will guide you and bless you on this path.

Your Father and Friend,

The Most Chaste Saint Joseph
