DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Human existence is a mystery that only the Creator knows in depth. Not even the Archangels who, together with the Divine, thought of and manifested the human project, fully know the capacities of human beings.

Your essence, created from a unique divine particle, holds in itself a union with the Father. In this essence, the Creator placed a part of His Consciousness, a part of His creative potential and of His divine mystery.

Therefore, children, wanting to understand humankind is like wanting to understand God, to fully know His Truth, the origin of the origin, how life, existence, the Divine Consciousness emerged, and what the reason is for His multiplication of the expression of life created by Him.

Human beings hold within themselves a will and an aspiration of God, the reason for God manifesting life in all dimensions. The Love of God dwells within humankind and thus it holds a potential that is unknown to you and that which the Firstborn Child of the Creator is unraveling within Himself.

Why do I tell you this today?

To elevate the purpose of your lives and your understanding about yourselves; so that you may know that you know nothing, not even about yourselves, and in this way, children, you may be thirsty for seeking the truth, to find again the Origin of all things and, more than that, to discover the treasure that you hold within yourselves. That you may know who you are and what the purpose of your lives is.

Seek the truth in prayer. Find the Divine Consciousness within your own selves.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
