Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

Dear children,

So that a Divine Work may be realized and continued on the planet, with your hearts, you must follow the changes that are drawing closer and not fear experiencing them or have them taken up by new consciousnesses.

The Divine Plan is not archaic nor transitory but rather endures throughout the cycles of renewal that it goes through, time after time.

It will be enough to experience inner union with the Plan of God for it to begin to materialize on the surface of the Earth, and fundamental to this is adherence.

It is important that hearts feel that the cycle truly changed and that there are other needs approaching in this end time.

Thus, with your consciousnesses elevated and your eyes fixed on the Purpose, you will be able to follow this cycle that the whole of humanity is going through and that only needs to be experienced from your deep understanding.

This new cycle comes to renew the spaces of the subconscious and beyond, it comes to take it out of human inertia.

To live the Plan of God also means to raise your arms to receive the gifts that will prepare each server for experiencing the changes, from the moment in which they give their 'yes' to the universe.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
