DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PORTO, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

To the choir members and musicians of the groups of prayer of Europe

My dear children,

On the eve of the great youth meeting in Cracow, Poland, today I ardently hope that your hearts will join this important Jubilee of the Mercy of God so that from here, in the city of Porto, the first spiritual impulse of awoken humanity may emerge, which will implore with all its heart for the Mercy of God.

My wish is that in this meeting that will take place here today, on the eve of the awaited World Youth Day in Poland and of the first Youth Festival for Peace in Brazil, the inner invocation from each choir member should be sent forth, asking for peace and the Mercy of God.

Dear children, I have very closely followed the whole of your preparation and enthusiasm for giving of your best in honor of the Celestial Father.

On this spiritual gala night, where My angels from Heaven will witness this meeting, I wish that each of My children of Europe should ask for forgiveness and mercy on behalf of all Europeans and for all the acts committed since the colonization and moral, human, natural, and spiritual plundering of the whole of the Americas.

I hope, dear children choir members from Europe, that from your voices blossoms this profound request for pity, so that My angels may have the joy of presenting to the Celestial Father the musical and instrumental offering that today you will offer the whole of humanity.

Children, each one of your spirits has God at its core, so with full trust in the Mercy of God and for the two youth meetings that will take place in Poland and in Brazil, join hands and invoke the power of this infinite Grace that grants, redeems, and heals all.

May the meeting of music tonight serve to expand out from Europe the very powerful flow of the Mercy of My Son.

From the whole Iberian Peninsula may the doors of redemption open for all the consciousnesses that must move through them in this hour.

Dear children, from the Kingdom of the Heavens I will be with each one of you,

accompanying this spiritual and divine impulse that will be given today for Portugal and the whole of Europe.

I thank you for responding to My call!

Who is united with the song of the holy angels and of My children of Europe,

Your Mother Mary, Rose of Peace
