APPARITION OF THE GLORIFIED CHRIST JESUS ON THE SECOND DAY OF THE SACRED WEEK, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

I give you Peace.

Precious Blood is poured out for the innocent, but an unshakeable fortitude is built in those who adore My Eucharistic Heart. It is still a very unknown mystery; it is a very inexplicable universal science; it is different alchemy, which takes place between the adorer and the Adoration. You are still to come to know it, but this is part of the Ministry of My Priesthood.

When souls adore Me, they adore God, Who is the One Who deserves all Glory; but I also adore the souls that unite with Me in the essence of their heart.

Here is the Blood that has given its all, up to the last drop; the Blood of Liberation and of Redemption; the Blood of the Lamb of God that put an end to the captivity of the human consciousness and of the planet.

In those Who adore My Eucharistic Heart lies the Power of the Blood of Jesus, mysteriously hidden in the deepest core of the bread that is transubstantiated in the Eucharistic celebration. But today we will give honor to the Blood that was shed by the Lamb of God to free the sins of the world because the Body and the Blood of Christ are a single thing, a single Essence and a single Life, which spiritually merges in the souls that commune of Him.

The Blood that is drunk by humankind and that comes from the Lamb of God is precious honored by the Father for it is the true justification for the Redemption of humankind. It is the Blood that takes away the sins of the world and converts everything. The Blood that has been given for the Love of humankind for the reparation of the outrages, of the indifference and of all the guilt. It is the Blood that frees the heart. It is the Blood that gives new life to all things.

Water.

With this Blood, I wash souls and within hearts, I ignite the divine purpose, so that they may be freed from their deepest stains and may receive the Grace of the Reparation of God.

This is the Blood that gives life to essences and that recovers what is lost. It is the Blood that brings Peace and that establishes the triumph of the Creator on Earth in the world, beyond the forces of chaos and of damnation.

And now that you have already communed of the Divine Codes of My Blood in your hearts, I have been able to establish the eternal ceremony of love, which is built and vivified by all those who adore My Eucharistic Heart.

Today, I would like to make a special mention of this practice and what it is that happens in the

inner planes of life when a soul prostrates itself at the feet of the Blessed Sacrament of the Altar; many miseries are dissolved, faults are forgiven, inexplicable healing is granted and, above all, from the adoring heart emerges the force of My Love so that they can continue forward, adoring for a planet that suffers, for a humanity that is becoming ill and also for the Kingdoms that suffer the consequences of these times.

In Heaven, the Adoration is all for God; because it is the true testimony of the Passion, Death and Resurrection of His Beloved Son, testified for, through the Sacred Eucharist, and raised up to the Altars of God as the greatest triumph of the humanity of Jesus on this planet.

Therefore, all those who place themselves before the Most High, time and again, experience a renewal, a process of healing and of redemption, and inner doors open so that souls may be able to go through and find the essence of their spiritual Mission and of their divine purpose for this life.

The Blessed Sacrament of the Altar is the representation of the living God on Earth, by means of the Eucharistic Body of Christ. But if to this is added the loving stream of the adorers, many more attributes will be able to be granted in the world and in souls, above all for those that despair and cannot find peace.

The adorers of My Eucharistic Body are part of My Heart, in their constitution as mystical body, but they are also part of My Hands and My Feet so that I may reach and help those most in need. Each new adoration that you perform is not the same as the previous one; it is a step to be able to deepen spiritual life and the surrender, in the true purpose of being ambassadors of Peace and of My Divine Mercy.

From the Most Holy Body of Christ that is adored springs the Breath of the Spirit for souls; and the impulses of heaven come to the Earth each time an adoring soul places itself before My Eucharistic Body so that simply, in silence and in peace, they may find new life and redemption.

The adorers represent the pilgrims that rise up to Heaven to meet the Lord and merge in the Communion of His Celestial Church. For this reason, be glad for those who will be consecrated today, because many more will be consecrated by the Power of the Precious Blood of Jesus and of His Divine Eucharistic Body that is severely assaulted in these times due to the indifference of humanity and the slanders.

Each moment of adoration is a moment of reparation and everything, everything is renewed. There is nothing that remains unresolved in the one who adores My Precious Eucharistic Body because, in truth, they strengthen their inner union with My Sacred and Unfathomable Heart, which gives Life to all things, which resurrects everything that is dead, and brings Peace.

Let us begin with this Ceremony of new postulants to the Celestial Church of the Lord so that they may represent on this Earth the peacemakers of the Redeemer.

We will listen to the Pater Noster. The adorers who will be consecrated may come up here.

Incense.

While My Celestial Church opens to the world, may those self-summoned stand up to enter into My Celestial Consciousness and together with the Angels and Archangels, once again, celebrate the

triumph of the Sacred Heart of Jesus.

Lord, bless this Ministry, which today vivifies souls for the Glory and Honor of Your Name.

And again I say to you: All take and eat of It, for this is My Body, which is given for humankind for the forgiveness of sins.

Take and drink of My Chalice, the Chalice of the New Covenant, which conceives of eternal peace in hearts.

Let the adorers stand up to receive Communion.

Let us take a breath.

The most important moment of your lives has come, which for some seconds is to be before My Eucharistic Body, so that the world may be repaired and inexplicable things may be forgiven, through your offering to My Sacred Heart.

Beloved Father of the Universe: receive the offering of these souls, which only seek to live the greatness of the Universe of Your Love and the purpose of Your Existence so that, in everything, what Your wise Will created may be fulfilled.

Today, Father, we offer to You this simple Adoration as an act of deep union with You and together, with the Angels, we lift up this intention to the feet of Your Altar. Amen.

May any contrary purpose be destabilized. May deep healing be attained within souls. May the spirits gathered in Your Name, Lord, vivify Peace; because You have made Yourself so small and akin that You have called Your people, so that they may honor and glorify You again forever and ever, and thus, Your Project will be carried forward in each particle that You have created, to which You have given life so that it may experience Love and Unity.

Being so infinite, Lord, You made yourself a simple and humble man. You incarnated into this world through Your Beloved Son to remind humankind and all of this planet again that Your Love will always triumph and that in Love, the freedom of Spirit and the realization of the soul will be attained in this humanity.

While Angels and souls adore My Body, Lord, may a time of peace be granted to the world so that souls may have time to awaken and live a reconciliation with Your Being. And before My Celestial Church and the Angelic Choirs, today, we once again celebrate, Lord, Your triumph in the hearts that have opened to the existence of Your Love and of Your Will.

Together with the angels, We will intone the melodic Kodoish, raising to Heaven this offering of love and of forgiveness for all those who are not here and for those who should be here and are not.

With a single heart and a single voice, companions, today I will sing together with you, the praise to the Almighty, to the One who has created us through a great and unknown mystery of Love. Let us sing.

Eeihe, Asher Ehie. I AM THAT I AM, together.

Once again.

Praised be, Lord, for allowing Me to be with Your children, to glorify Your Name, and all of Your infinite Existence.

Praised be, Lord, for You have allowed the entrance of souls into My Great Celestial Church, in which the codes and merits of My Love will be perpetuated in the hearts that have trusted in My Divine Presence.

And thus, I consecrate you and bless you as Adorers of My Eucharistic Body. In the Name of the Father, the Son, and the Holy Spirit. Amen.

Today I will go to Heaven hearing a Praise of the People of God, a song that draws Angels closer to humankind, which brings the Universe to the Earth and which allows Grace above all error.

The song that I have chosen is called Hallelujah, which Brazil specifically intones out of love for the Creator Father.

I thank you, and keep moving ahead.
