DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE CITY OF NIAGARA ON THE LAKE, ONTARIO, CANADÁ, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Canada is a land of many histories, although they have been written by the limited comprehension of the human being, that did not prevent this region of the planet from being one of the most important inner centers of the world that works silently for a new configuration of the human being, through special existing work plants, by means of the planetary Mirrors located throughout the country.

Canada has not had the opportunity until recent days to be conscious of what it holds as a spiritual and inner legacy for humanity.

Its history is not the only truth of what happened here. Canada, through the expression of its nature and of its preservation, has generated an adequate atmosphere for the great tools of the Hierarchy to largely work to the point of uniting, in the inner planes, important spaces with Antartida.

Through Canada, the natural integration among races and cultures is also reflected upon the surface.

From different places of the Earth, different ethnicities and races come to Canada, to be socially integrated under a form of life that unites them all in common.

In this sense, Canada represents this bridge of continuation of the project of the families of the world, which brings with them the synthesis of the different experiences of their origins.

As this intercultural relation is expressed upon the surface of Canada, also within the inner planes of Canada there is a similar relation, which now the moment has arrived to know and understand.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Jesus Christ
