DAILY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

There are moments in life in which it seems there is no meaning or reason for why some experiences take place. But in these situations that are presented, the soul lives a school that it needs in order to be able to grow and mature in its commitment with Christ.

The motive or the reason for something painful being presenting in life is so that love may be able to return to the consciousness with more expression, because love teaches the importance of considering others and of putting ourselves in our neighbors' place, so that one day you may feel what others feel.

This school is the most demanding for the human being, because humanity has always done the opposite, fighting for its own benefit and result, forgetting about its neighbor.

When this school, of strong and painful experiences, begins to be attended, it is because the moment of living a greater experience has come, which will place the soul in a level of consciousness that will allow it to see and comprehend life from another perspective.

For this reason, you must open yourselves to be impelled by this school, the one which at times could seem too tough or difficult, but the essence of this learning is to no longer have to live some experiences, but rather to be with your heart wide open in order to collaborate and cooperate with the fraternity and the well being of all. Thus, you may get out of yourselves.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
