**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

In order to fulfill the Plan of God every day, you only need to be sincere of heart, always seek the path of humility, and the overcoming of self.

It is in these times, child, when the purification becomes more intense within many beings and, above all, within the consciousness of the planet, that you need to elevate your heart more and seek within it the strength and the courage to persist on your path, every day.

Place your heart and your mind always on what God needs of you.

When what you want intermingles and becomes confused with the desires of the world, turn your heart toward God and offer Him your being so that He may make it clear and pure, transparent and true, before His Will.

God will call on you to surpass yourself every day, but not to surpass through pride, competitiveness or vanity; He will call on you to surpass through love, He will call on you to overcome obstacles in your inner world, experiences that will occur between your heart and the Heart of God.

Surpassing, in these times, is not just physical but, above all, it is interior. And it is not the obstacles of the planet or the external difficulties that you are going to overcome.

Within you will be your greatest challenge, where nobody sees, where nobody reaches, just you and your Father. And it is there, child, that you will fight your greatest battle, and it is through that triumph that you will overcome yourself and surpass the Love of God.

For this reason, do not place your attention so much on external things, on the defects of others, but rather on the truth and on the transparency that there should be within you, so that you may fulfill the Will of God.

Your Father and Friend,

The Most Chaste Saint Joseph
