**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE SACRED HOUSE OF MARY, MAE PAULISTA, SAO PAULO, BRAZIL, TO THE VISIONARY SISTER LUCIA DE JESUS**

When God sent you to the world, it was for love; it was for a Divine Purpose of giving His creatures a unique opportunity to live forgiveness, reconciliation, healing and above all, Christic Love.

When God sent you to the world, it was for love, so that His most imperfect creatures may have an opportunity of demonstrating to the whole of Creation the divine miracle that love performs in beings, when it converts their most cruel and ancient errors and transforms their corrupted essence, that is distant from God, into a crystalline essence that expresses unity and likeness to the Father.

When God sent you to the world, it was for love; it was so that His children may grow through Grace, Mercy and fullness in His Heart. But for this, children, you should choose to be in the Love of God and receive the spiritual presents that He gives you, understanding that life is a unique gift and that the Earth is a sacred place that, beyond its appearances, holds a celestial treasure, which was the intention of God when creating it.

When God sent you to the world, it was for love; it was so that, having the best and most beautiful expression of life through the Kingdoms of Nature, beings would be able to find beauty within themselves. Because with the same intention with which God manifested Nature, He also manifested men. With the same intention with which He manifested flowers, God manifested souls.

I tell you this so that you may know that the Father sent you to the world for love, and that for this purpose of love, you must be on Earth.

Love the intention of God, love life, and if you do not find meaning for loving it, seek for the intention of God when He created light; seek for the intention of God when He manifested the Earth; seek for the Divine Purpose to hold on to with the heart, so that then you understand the true essence of life upon the Earth.

Do not leave this world without living love, and if you feel you cannot find it, let God find you. It will be enough to open the way for Him to come into your lives. Ask God to draw closer, cry out for Him to transform you; not for you to be perfect, but for you to love, or at least to let yourselves be loved by His eternal Heart, because if you only open yourselves to receive the Love of God, that will be enough.

Your Father and Friend,

The most Chaste Saint Joseph
