Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of the Child King, Rio de Janeiro, Brazil to the visionary Friar Elías del Sagrado Corazón

Dear children,

With motherly joy, today I descend once again over My beloved and dear Marian Center of the Child King, the Center of Light that must finish being built on the physical plane with the cooperation and help of all the Children of Mary.

I come here not only to bless you, but also to lovingly ask for the completion of the works of the House of Prayer.

This will be My fourth House of Prayer, the fourth mirror of light that I will found, after the three Houses of Prayer that already exist in the Marian Centers of Figueira, Aurora, and the Holy Spirit.

I am still waiting for My dear children to carry out the fortnightly pilgrimages to the Marian Centers, and now it will be necessary for the Children of Mary to be the guardians of these Marian processions.

Just as in Lourdes, Fatima and Medjugorje, I want to see, with My own maternal eyes, the processions of love and of devotion of all My children in the four Marian Centers, and that all of you may say that the Mother of God, the ever Virgin Mary, is present flying over the sky of each Marian Center and waiting for the prayers of all Her children.

In this cycle, the Marian Centers will be of spiritual and internal importance for souls, for there they will find the Graces they so much need.

I wish that, in this cycle, consecrated and religious souls take on this maternal and paternal task in the Marian Centers, with the aim that the souls who may be attracted to these Centers may also be finally guided by the Grace and the Love of your Celestial Mother.

In March, I want to see the walls of the House of Prayer of the Marian Center of the Child King erected.

In April, I want to see the roof manifested and built with the collaboration of all My children of the world.

In May, in the month of the Most Holy Lady of the Rosary of Fatima, I want to see the completion of the windows of My Chapel of Light.

In June, I want to see the floor of this House installed, so that My pilgrims may have a place where they will feel sheltered.

In July, I want to see the completion of the painting.

In August, feminine hands will already be finishing the details of the harmony of the House, so that finally, in September, I am able to return here to again bless and consecrate this Marian Center to My Immaculate Heart.

If the efforts and care are the correct ones, the House of Prayer of this Marian Center could receive the pilgrims before this time, and above all, it could be a place where the children could meet with their Celestial Mother.

For all the efforts and for having received Me, I thank you for responding once again to My call.

Who infinitely loves you,

Your Mother Mary, Rose of Peace
