DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Maternal Exhortation

My beloved and dear children, servers of Christ,

On this day, I descend from Heaven to give you a special petition, which will try to attend the migratory crisis that is happening in My beloved Colombia.

It is for this reason that, in the name of My Son, I come to ask for humanitarian aid on the border between Colombia and Venezuela by means of an extraordinary humanitarian mission, which I call "Humanitarian Colombia."

This mission must arrive as soon as possible with the aim of attending, at the other side of the Andes, to My poor and suffering children of Venezuela, who are going through a social and humanitarian crisis.

In Colombia, the Fraternidade will establish a permanent space, in the same way it did in the beginning in the State of Roraima, in Brazil.

For this special cause that today My Maternal Heart presents to you, I wish the Light-Network and brothers and sisters with medical, dental and psychological specialties to be summoned for this first mission.

Colombia, in a short time, has been converted into a scenario of the end of times and My purpose, as in Roraima, will be to contain the wave of spiritual energies that are starting to infiltrate, more and more, in South America.

I ask, especially, that the Fraternidade, through the ONU, presents itself before the authorities of Colombia to announce that in an honorary manner it will, out of love, provide this humanitarian service.

Thus, with the inner strength that I will give each missionary who self-summons themselves for this "Humanitarian Colombia" mission, you will help your Heavenly Mother to succor and relieve the grave suffering.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
