Daily Message of Mary, Rose of Peace, transmitted during the journey from the Marian Center of Aurora, Paysandu, Uruguay, to Santa Maria, Rio Grande do Sul, Brazil, to the visionary Friar Elías del Sagrado Corazón de Jesús

May those who cause war surrender their weapons so that the essential purity of each soul may not be harmed.

May those who persecute redeem themselves so that, in this way, all may be repaired.

May no other nation rise against nation.

May religion or belief systems no longer be a reason for conflict.

May those who govern reconsider, so that peace may be established and no more weapons of destruction may be activated in any other nation.

I ask those who do not listen to pay attention to what I tell them because a Muslim must be a good Muslim, a Christian must be a good Christian, a Hindu must be a good Hindu.

Therefore, let everything be repaired so that the essence of each culture and of each people not be assaulted.

Let each nation express its beauty and its homeland, but without weapons or explosives.

I wish each soul knew the value that exists in the essence of each being and that only through essences will they be able to be as one and respect one another.

May Divine Mercy renew the times so that Christ may triumph again, as He triumphed on the Cross.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
