Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionary Friar Elías del Sagrado Corazón

Dear children,

May the gift of persistence permeate you completely so that in these times your souls may be strengthened for the learning experiences of love and compassion that will come.

Such a gift of persisting will help you to be free from value judgments or any other interference.

The gift of persisting will impel you to be in permanent unity with your brothers and sisters on the path, and will also strengthen you spiritually in order to sustain those who may be intensely purified.

The gift of persistence will never allow you to lose sight of the Purpose and of its immediate concretization in these times.

Knowing how to persist is a new apprenticeship, it is a mission to be reached every day without backing down.

Dear children, persistence will lead you to love the tests of life each day more, and in this way, permeated by love, you will know how to overcome them without leaving behind the constant path of great transformation.

May the gift of persisting help you to live in that which is true, so that this truth may someday be reflected everywhere.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
