Daily Message of Saint Joseph transmitted in the city of Augsburg, Germany, to the visionary Sister Lucía de Jesús.

Contemplate the Mercy of God that descends upon the world through the prayers of His children. These are times of miracles and inexplicable spiritual Graces.

Announce with your heart the Presence of God. Unite your heart to the choirs of angels and archangels that proclaim the victory of your Lord in the battle of this world.

Unite your voice to the deepest prayers of those who cry out for peace. Surrender your life, consciously, for a greater purpose.

Prayer, child, is the perfect key that opens the doors of Heaven and the hearts of men, which brings down the original principles of the Thought of God, to life and to beings. Like a rain of new codes, it cleanses beings of their old standards of conduct and restores them, revealing the truth that was hidden in their essence.

Prayer is this celestial melody which, when it is sincere, runs through the Universes and spreads through the air, bringing the Good News of renewal to all beings, of all the Kingdoms. It enters deep into the seas and restores the spirit of the oceans; enters the depths of the Earth and heals its internal registries; enters the depths of beings and makes them worthy children of God.

So pray with your entire being. Pray from the heart and see, that which I tell you to do, become fulfilled.

Your Father and Friend,

The Most Chaste Saint Joseph
