DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE SACRED HOUSE OF MARY, MADRE PAULISTA, SAO PAULO CITY, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Children,

Today My Mantle of protection and shelter extends itself as light in this sacred place of Adoration to My Son.

Today, I gather you in this cenacle, so you carry on praying with Me for this mission of peace in Africa; which has had, in the last few days, inner repercussions in the life and in the existence of the sinful souls.

But on this day, I am calling you to withdraw, to the inner silence and prayer, as a path to achieve peace in difficult times.

Your Lord Jesus, the King of Mercy, has again found His place of faith and devotion in the heart of Africa. For this reason, these days, the task of support and sustenance has made some of My Children dispose their inner instruments to help the flow of the important mission in other planes of consciousness, where neither the mind nor the intellect can reach, and only prayer is able to construct and transform.

New sheep, new redeemed and rehabilitated souls were incorporated in the scriptures of the books of Adonai to start walking, from now on, towards the service of God and His Divine Plan. For this larger salvation of African souls to happen, it was necessary, My children, that the Universe of Divine Light gave the instruments of the Universal Mother all these inner deeds that needed much prayer, transmutation and compassion.

And all this was achieved, dear children, because the Will of Adonai so determined, and his Lady of Kibeho was able to placate the Justice of the angels of the Creator.

The most difficult debts were liberated and forgiven, little by little. The unfair and serious actions were reconverted by means of the spirit of prayer and mercy of everyone.

Peace reached spaces where it had never existed and the trapped souls, and most of them condemned, found the breath of a new divine breeze. The mission continues and My missionaries prepare themselves to enter in one of the nations most in need of spiritual aid and prayer.

In the Congo you will find the reasons and the causes that have led, for example, to the destruction of the Kingdoms of Nature and the lack of consciousness of what is being done.

Beloved children, the Congo is a reality barely known, where the need, poverty and spiritual blindness generate a lack of consciousness and meaning in manifested life. In the Congo, there will be much to be forgiven and to do, so as to recover at least a drop of Mercy.

My children already walk towards the last stretch of the intense and profound mission; thus, carry on praying for them, so that the work may come true.

But today I ask you, children, to also pray for the visionaries, so My Plan of Peace in the world may be concretized. These are already the last moments in which your Lady of Heaven directs Her words to the world before the Armageddon that is coming.

My greetings of peace to all my children of Goiania for having responded promptly and with diligence to My call. I thank you for your understanding and true love.

I thank you for helping to concretize My plans.

Who congregates you in the sacred cenacle of the Heart of God,

Your Mother Mary, Rose of Peace
