DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

My Heart is a great Sacrament of Peace and of Reparation for the souls. You can direct yourselves to It with absolute trust because in this way you will receive in your inner beings the answer that you need for your lives.

My Heart is a Sacrament of Peace and of Love because in It you will be able to see the light of God manifested, the Light that comes from the Source of your true origin because you must know that I have been a human and a person like you.

My Heart is a great Sacrament of Salvation and of Conversion because in It you will find comfort, strength and your weaknesses will be dissolved from your beings because when you only invoke the Sacrament of My Heart you will have entered into the ocean of My Infinite Mercy.

This Sacrament of My Heart is open day and night and in It there is no material time nor time to be closed. The Eucharistic Love of My Heart makes resplendent all of the hours of the day and in this way all of the hearts can direct themselves with faith and devotion to the Sacrament of My Heart.

Today some souls have arrived at the depths of the Sacrament of My Heart and this means that from this moment on they must remember and meditate on how it was that they opened the door of My Sacred Sacrament of the Heart.

May temperance and bravery strengthen your lives because only through the Sacrament of My Heart you will find the light for your lives.

In My Wisdom is radiated Love.

In My Truth is found the nourishment of the Spirit of God.

In My Mercy is found the Source of Forgiveness and of Piety.

Go in peace and remember to return soon to the Sacrament of My Divine Heart of Love.

Under the Adoration of God the Father, be blessed.

Thank you for seeking always the Sacrament of My Merciful Heart!

Your Celestial Priest, Christ Jesus
