DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Supreme currents descend from the Heavens in this new cycle, Rays that come directly from the Heart of God, and which are unknown to men and women, vibrations created to dissolve the old time and unite Earth with the Time of God, called the Real Time of the Universe.

The Mirrors of the Cosmos converge their energy into specific points of the planet, which are receptacles of the sacred, they are called Enclosures of Love. Those vibrations will accentuate the purification, both of beings and of the Earth, and everything will move inside and outside of men and women, so that, thus, all become worthy of being called Children of God.

The supreme currents that come from Heaven build the path of return to the Heart of God. Know how to see this moment as a grace and let yourselves be transformed and corrected.

Peace will reign in the hearts of those who trust in God, beyond the tests and appearances. And though your human side you will suffer with everything that will happen in the world, within you will pulsate the certainty of Eternal Life, beyond the Earth, of the life in God.

Pray and strengthen your own faith.

Unite with one another, beyond the difficulties and miseries that you will see emerge in yourselves and in your brothers and sisters. It is the power of unity that will be able to transmute and transform all those things.

True unity, erected on the basis of love and fraternal life, the unity that comes from God and is reflected in you, that is what will sustain you.

Your Father and Friend,

The Most Chaste Saint Joseph
