DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My dear children,

On this day, your Celestial Mother implores the Supreme Father for the world to be purified in harmony and without violence.

I implore the nations to awaken and listen to Heaven, which cries out for penance and repentance.

In this hour, dear children, you will see the greatest blindness of souls, as if no consciousness had a heart capable of loving and forgiving.

You will see that the planetary ignorance awakens as a source of mistakes made and actions which not only harm human beings, but also the Kingdoms of Nature.

But these actions of possessing and controlling will end in this time in which the purification of the planet will put everything in order.

Many souls are absent from the current reality, even those who experience the catastrophes remain at the same point without mentally perceiving that every fierce movement of nature is a sign emitted by the planet that something is not right.

The consciousness of humanity became accustomed to living in catastrophes or wars as if it were something normal, this generates events that join others, a chain of immense errors which cannot be stopped.

Prayer will be the shield that will protect those who practice it in their lives in a permanent way.

Prayer, at the end of times, will bring impulses direct from the Holy Spirit and will make those who pray know what to do and where to be.

To all My children, who face the catastrophes of the end of times, I ask you to practice acts of forgiveness and Mercy and not to allow faith to fade away.

I invite all My children to be brave in these times and to confirm their trust every day. This will prepare you for the end of times.

I thank you for responding to My call!

In prayer for the world,

Your Mother Mary, Rose of Peace
