**DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES,
TRANSMITTED IN THE CITY OF SAN ESTEBAN, CÓRDOBA, ARGENTINA, TO THE
VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

???Dear children,

Through the humanitarian missions, the pain of the world is taken away from hearts offended by their own brothers and sisters of this humanity.

At this time, when the blood of the innocent continues to be poured over the world, the victory of the Sacred Heart of Jesus promises those who trust in Him to give them His Infinite Mercy. Children, there will be no other remedy able to appease such enormous human pain.

After the First World War, I announced in Fatima that if the world did not change in time, a second war worse than the first one would come, and it happened. The massacre of millions of souls taken to the hells of this world made the innocence of the terrestrial human being disappear.

Once again, your Heavenly Mother announces Herself to the world, declaring that this is the last time, because the world did not learn to forgive nor establish peace.

My Immaculate Heart guides each one of the missions, because it will be humanitarian service that will achieve victory and will comfort all those who lost themselves in the hands of the adversary.

Heaven promises divine help to the world, and spiritual intercession on the part of the Archangel Gabriel, something that will be completely understood when everything has happened in humanity.

Today My Maternal Heart places the pain of the world over some hearts, which must gain relief through the prayer, faith, and devotion of those who truly aspire to find the Kingdom of God, which is fervently waiting to impregnate them with His fire of mercy and piety.

Dear children, at this time I ask you all to open your consciousness to recognize the humanitarian missions as one of the redeeming pillars of the Heavenly Hierarchy.

It is in this way that this consciousness will be given through the power of prayer, which will always fill hearts and planetary life.

I thank you for responding to My Call!

Who unites you to the One Love of the Universe,

Your Mother Mary, Rose of Peace and Mother of the refugees
