**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Peace comes when it is requested through daily prayer. Peace is constructed as an Inner Temple and it has its foundations in love and in harmony. Divine Love and harmony is what is lacking in the world; therefore in prayer are to be found the keys that will allow all to live in true peace.

Dear children, Peace is like the great guiding star that the world needs today so that the events in humanity can change. Peace radiates hope to you and hope will bring you forgiveness together with Mercy. For this reason you must build the path of prayer like a beautiful garden of roses so that together, in fraternity, you may all feel and see in your hearts the different talents that the soul in prayer awakens.

Today, dear children, I give you the seven talents of prayer:

The talent of Love, through the absolute giving of the heart;

The talent of Peace, through the hope that can be emanated from life;

The talent of Joy, through harmony;

The talent of Compassion, through humility in the heart;

The talent of Faith, through perseverance in prayer;

The talent of Light, through the communion with Christ;

The talent of Mercy, through daily forgiveness that is emanated from the life of the soul.

Prayer awakens talents in the hearts that follow the path of inner communion with My Glorified Son.

Dear children, the path of prayer is deep and beautiful for your hearts. This is why I invite you to walk in confidence within the ocean of prayer so that your souls may find, in each moment, the Love and the Face of My Son.

Little children, in prayer the paths open so that the devotion to My Immaculate Heart may arrive as an inflowing of Grace for all of My children. Wait, each new day, for the Peace of God in your hearts.

Thank you for responding to My call.

May the Divine Hope spring in each soul.

Mary, Mother of the Divine Conception of the Trinity
